

Getting to Know Kennewick High School During Remote Learning

During Remote Learning, you will need to be connected in various ways to receive current information that is being transmitted to you or your student.

First you will need to make sure you have signed up for a:

Parent Portal through PowerSchool

Go to: <https://ps.ksd.org/public>

Click on "Parents"

Click on "Powerschool"

Click on "Create Parent Account" tab

You will need the Access ID and Passwords for each student you have registered at KSD. Mrs. Thoreson at 222-5314, Mrs. Low at 222-6844 or Mrs. Gonzales at 222-6581 can help you with this.

If you already have a PowerSchool Parent Account, please see the video link below.

Student Email, PowerSchool and more...

Students need to check their school email account regularly. Our primary communications will be through email for both students as well as families. The best way to check Student Email is to go to www.ksd.org, Click on "Student", then click on "Rapid Identity".

From there, sign in with the student username (for example - **24.saul.hernandez**) and password. (If you have forgotten your password, please call 222-6844 or 222-6581.) After you have logged in, you will be taken to a KSD LogIn Page. Once again, sign in with the Student Username and Password.

At this point, The Rapid Identity Screen will appear. This will be the Student's Home Page during Remote Learning. This Screen will show all the KSD Web Apps that students will be using throughout this semester. Student email is located under the Outlook Web App on this page. Student PowerSchool is also located on this page.
